City schools' Chapter I working effectively — Cox

BY TRACI BONNEY

The Bay St. Louis-Waveland schools' Chapter I program is doing its job, according to program coordinator Debbie Cox.

grade.

Cox stated, "The children have surpassed our goals and continue to make sustained learning gains."

"The children have surpassed our goals."

—Cox

Cox reported Monday at the November meeting of the Bay St. Louis-Waveland school board that Chapter I students appear to be making sustained gains in their educational progress.

She based her report on a sustained effect study which charted the progress of Chapter I participants over a two-year period, from second to fourth

She recommended that the second grade program continue as it has, then informed the board that the fourth grade program will be modified but continue to be essentially the same.

OTHER BUSINESS

The school board approved the October minutes and claims docket; rejected bids for

cleansers and basketballs and approved the substitute bids for those items; authorized an increase of 25 cents in the price of adult school meals;

accepted Chapter II supply bids and an application for a sole source supplier; approved a special education budget amendment; dealt with two resignations, several hiring recommendations and a request for catastrophic leave; accepted two student transfers;

went into executive session to discuss matters involving students, parents and school district personnel; came back into regular session without taking action and adjourned.

BMR delays hearing on casino development

Mardi Gras Casino Corp. officials have requested that the Bureau of Marine Resources delay scheduling a public hearing on the wetlands permit application in Bay St. Louis, pending proposed changes in the application.

The application requests a permit to construct a pier and dredge a channel to establish a dockside gaming operation in Bay St. Louis near the foot of the U.S. 90 bridge.

David Ruple, BMR coastal ecologist, said that a letter dated Nov. 8 from a corporation consultant requested a delay in the hearing because corporate officials say they want to make modifications to the original application.

The bureau was notified that modifications to the original plans, which called for constructing a 1,350-foot pier and dredging a 1,875-foot channel, will be made.

"We do not know what the proposed modifications will be at this time," Ruple said.

Ruple said the proposed modifications will be considered when received by the bureau. The corporation will use information from the state Department of Archives and History and the results of the Bay St. Louis Gaming Impacts Study to aid in development of the modifications.

Ruple said the delay will extend the 90-day processing for the application.

The date of the public hearing will be set at a later time, Ruple said.

Corporation officials plan to submit the final plans, including the proposed modification to the bureau within three weeks. These will then be available for public review.

Annexation

Bay council, Lambert discuss details

BY TRACI BONNEY

The Bay St. Louis City Council met for a second time Tuesday with Charles Lambert and his associates to discuss a proposed annexation of the Bay Cove Harbour/Cedar Point area.

The discussion revolved around questions posed by Lambert's attorney, Terese Wyly, about a site plan review process proposed by zoning study consultant Peter Hart of Buckhurst Hutton Fish Katz.

Wyly's questions involved certain aspects of the site plan review and its applicability to Lambert's planned resort development at Bay Cove. Topics covered in the workshop with the council included: the extent of the Planning and Zoning Commission's involvement in the review and approval process; fees; EPA storm water drainage requirements; time limits on building permits; special use district uses; and other matters pertinent to the Bay Cove development.

After discussing the various topics for two hours, city officials, Lambert and his associates agreed to another meeting in the near future to discuss matters not covered that night.

They then took about half an hour to review Bay Cove's proposed land use plan as presented Len Kriek of Lambert Land Company.

After closing out discussion on Bay Cove, the council resumed its regular meeting, which it had recessed until after the workshop.

In the regular session, city attorney John Scafide mentioned the ongoing Longfellow Road/10th Street survey dispute between 10th Street property owners and the city.

Scafide said he discussed the dispute with surveyor James Chiniche, who proposed two

methods of possibly establishing a subdivision corner whose location is being questioned. In the past, two different surveyors have claimed that two different spots are the right one for the corner.

One method Chiniche proposed involves using field notes, made at the time the subdivision was platted, to find "witness" landmarks that establish the former location of the corner marker monument. This method will cost the city about \$300 to \$500, Scafide said.

The second method is to use three older surveys of properties that are tied to the alleged location of the corner and see if those surveys all establish the same location for the corner. Scafide said this method may cost the city \$1,200 to \$1,500.

The council authorized Chiniche to try the less expensive method to establish the subdivision corner.

'Fuzz on fuzz' game Saturday

BY JACQUI COCHRAN

In a joint effort to gather Christmas toys for needy children, law officers from throughout the county are preparing for Saturday's BIG competition.

Policemen from Waveland and Bay St. Louis, sheriff department deputies, firemen and others, have joined and divided into two flag football teams.

Expected to be one of the fiercest of non-contact competitions ever witnessed in Hancock County, both coaches said, "Be there or be square!"

Bay St. Louis Police Department team coach, Lieutenant Don Oco, refused to reveal the Bay's line of strategy saying only, "We plan to play a good defensive game. We are a laid-back team, so we will watch the sheriff's department team carefully, but WE will win."

"I have serious doubts about that," interjected Hancock County Sheriff's Department team coach, Deputy Eddie Thornton.

Thornton reported his team to be strong on offense with some historic college ball players.

"My team has been getting plenty of exercise on the practice field. Oh, that reminds me," Thornton said, turning to Oco as the pre-game interview continued, "have Mobile Medic

there with the oxygen."

Oco nodded in agreement. B.S.L.P.D. team quarterback, Chief Frank "Strong Arm"

MPC plans new line

BY JACQUI COCHRAN

Sometime next year, Mississippi Power Company will begin construction of a new power line intended to provide better service to Bay St. Louis and Waveland as well as the county's industrial park.

Buddy Eller, the power company's manager of external communications explained that the new 115-KV (115,000-volts) transmission line will incorporate a loop feed through which power can be diverted should an emergency arise.

At present, Elder said, the two cities and Port Bienville Industrial Park are fed power through a single-source line. Should lighting or a downed line cause a break, power must be stopped, causing people to be without electricity.

"The loop feed system will enhance the service by providing an alternate route through which services can be continued while repairs are being made."

According to Eller, Mississippi Power Company is presently purchasing the right-of-way and leases needed for the line construction.

The line is planned to begin at the Turner Street and Old Spanish Trail power station in Bay St. Louis, run north along Turner to Highway 90 and west for six miles along Highway 90. Then it will turn south-west to Port Bienville. It will service a Coast Electric sub-station at the industrial park.

Eller said the new line will help to provide more reliable service for the park as well as for the residents of the Bay St. Louis-Waveland area.

LINNIE REID
Linnie Frisbie Reid, 88, of Columbia, Mo., died Tuesday, November 5, 1991, at her home.

He raised all of his children in the Bayou Caddy community. He never moved away. He spent all of his time there. He was a retired carpenter, but he was also an outdoorsman. He raised cattle, hogs, and did a lot of farming, but always had time to help his neighbor.

He kept the Bayou Caddy Cemetery clean and in first-class shape during his lifetime. He built many tombs, vaults and dug graves to help his fellow man.

Even though they haven't celebrated Mass at the Bayou Caddy church since the early 1970's, he always maintained the church and the grounds.

He said a community without a church just didn't have anything to look forward to. He was also survived by 28 grandchildren, 34 great-grandchildren, and a host of nieces and nephews. I am sure, "Uncle Bud," as he was most often called, will be remembered by all who knew him for years to come.

Newspaper woman dies

Edith Ballard Watts, a native of Bay St. Louis and former newspaper woman, died at Miramar Nursing Home on Tuesday afternoon.

Mrs. Watts, a 1930 graduate of Bay High School, was the daughter of the late Marshall Ballard, editor-in-chief of the New Orleans Item and the late Edith Loeber Ballard, M.D.

Mrs. Watts was preceded in death by a brother, Samuel H. Ballard, former publisher of the Sea Coast Echo; and a sister, Ruth Ballard Seemann, a New Orleans attorney.

She is survived by a brother, Marshall Ballard Jr., of New Orleans; and a sister, Caroline Ballard Argus of Bay St. Louis.

After graduating from Newcomb College in 1943, Mrs. Watts worked as a general assignment reporter for the New Orleans Item before moving to Miami, Fla. There she became staff feature writer and women's editor for the Miami Daily News.

Edith Ballard Watts

In 1945, after her marriage to the late John Watts, former city editor of the Miami Daily News, Mrs. Watts and her husband returned to Mississippi. They founded and published "Tung

World," a trade magazine for the Tung Oil Industry.

At that time, Mrs. Watts collaborated with the late Jesse Lewis, noted Bay St. Louis chef, in writing "Jesse's Cookbook of Creole and Southern Recipes," which was originally published by Viking Press. The book which enjoyed success nationally, as well as in the Gulf Coast area, is still in print.

In the mid-1960's, Mrs. Watts and her husband returned to Florida where they became an editor/reporter team for various daily and weekly newspapers such as Miami Beach Sun, Hollywood Sun Tattler, and others.

Following her husband's death, Mrs. Watts returned to Bay St. Louis in 1983, where she lived with her sister, Caroline Argus, until failing health required her becoming a patient at Miramar Nursing Home. She died there of natural causes.

Edmond Fahey Funeral Home in Bay St. Louis is in charge of arrangements.

County school board approves buses

BY JACQUI COCHRAN
Hancock County School Board approved the purchase of

five new school buses Tuesday during a special recess meeting. The low quote of Bus Supply

Company was accepted for four 65-passenger seating buses at \$34,370 each, and one 30-pas-

senger seating, handicapped equipped, bus at \$27,743.

The board had purchased two 71-passenger seating buses in July at \$33,309 each.

The board approved the purchase of a 2,500-gallon water tank for use at Hancock North Central Elementary School for \$8,300 from Environmental Construction Corporation.

In other business the board approved:

—payment of \$10,173.50 to Magnolia State School Products for final payment on millwork at Hancock High School;

—a final payment of \$12,512.70 to W.A. Warren Construction for paving projects completed at Hancock High School and Gulfview Elementary School;

—the activity funds for all schools for July and August;

—interfund loan transactions for September;

—the employment of Patricia A. Jones, substitute teacher, Charles B. Murphy Elementary; Susan Austin, substitute teacher, Gulfview Elementary; Donald Marcus, substitute teacher, Hancock County Voc-Tech Center; and Marslene Cuevas, bus driver;

—the resignation of Eileen Pavolini as district bus driver.

McNeil, will be playing against HCSU team quarterback, Bucancer Park ranger Stue "The Javelin" Rayburn and alternate quarterback, Sheriff Ronnie "The Pistol" Peterson.

Admission to the "Fuzz on fuzz" game will be one new or used (good condition) toy.

Prior to the game a 1 p.m. parade will set the mood and lead the fans to Joe D. McCullough Stadium. It will begin at the foot of the Bay bridge and proceed west on Highway 90 to Dunbar Avenue where it will

turn right, then up Dunbar to Highland Drive and over to Athletic Drive and the stadium.

The "Saintsations" dance team will ride in antique cars and be available during the game for photos and autographs.

Santa Claus will be in the parade, as well as the Hancock County Lawmen's Association, the Sheriff's Posse, Bayside Volunteer Fire Department and the Bay St. Louis Fire Department. The Gulfview Elementary School Parent/Teacher

Club is providing several floats and the school cheerleaders and pep squad will entertain during half-time.

At the field there will be face painting and two MongOOSE scooters given away.

The H.C. Lawmen's Association will offer refreshments and food for sale at the stadium concession stand. Profits will go to the lawmen's association.

Kick-off time is 2 p.m. Come and support your favorite team and help make one child's Christmas a bit more magical.

Lions Club offers free eye screening

BY JACQUI COCHRAN
The Hancock County Lions Club will host free diabetes and eye screening tests for the public

on this Saturday. From 9 until 11:30 a.m. testing will be available in front of Kmart, and again from 1 to 3

p.m. at the Joe D. McCullough Stadium.

The Lions-sponsored eye van will be visiting students at North Bay Elementary School today, and on Friday they will be at St. Clare School in Waveland.

For more information on these services through the local Lions chapter call Eula Rome at 467-7943.

Sierra Club meeting set for tonight

The Sierra Club's monthly meeting will be tonight at the Marine Education Center (located south of U.S. 90 on the west end of the Biloxi-Ocean

Springs Bridge), at 7:30 p.m.

Tom Singley, a Pascagoula obstetrician, will speak on medical effects of dioxin. The public is invited.

"QUOTABLE QUOTES"

By Ellis C. Cuevas

The Hawks of Hancock High will travel to Perkinston Friday night to battle the Tomcats of Stone County in playoff action.

Hancock earned the right to be in the playoffs with a victory over St. Stanislaus, while d'Iberville was defeated by Pearl River Central.

Hancock finished the season at 6-4 with a 4-2 in Division 8 Class 4-A play and finished tied for second in their division with d'Iberville.

Since Hancock defeated d'Iberville in regular season play, they got the nod for the playoffs.

I am wishing head coach Irvin Favre, his coaching staff and players the best of luck Friday night, and since they are in an underdog role, anything is possible.

I do know this, if they play as well against the Tomcats as they did against Stanislaus last week, they stand a very good chance of knocking off Stone County.

Hancock had a team effort in the victory even under very adverse conditions. Believe me, it was mighty cold on that field.

I think it took my nose two days to thaw out after covering the game last week.

Hancock needs some good fan support with them at Perkinston next week.

I am hoping the Hawks fans will be well represented to urge their team to victory.

While on the subject of football, a flag football championship of sorts, will be held Saturday afternoon at the J.D. McCullough stadium.

The game will match a mixture of deputies, police and firefighters into two red hot teams.

The game is really a benefit for the Toys for Tots, and the entry fee is only a toy.

The toys will be used to make some deserving boys and girls have a happy Christmas.

Unreliable sources report that Lt. Don Ocho is the coach of the Bay PD team, while Deputy Eddie Thornton will be the head mentor for the Hancock County Sheriff Department's team.

It has been reported that some super football stars of years gone bye-bye will participate in the game and a double order of rubbing liniment was ordered this week by all drug stores.

Kickoff time is 2 p.m. and it will be preceded by a parade from the Bay Bridge to the stadium.

When asked if the players were going to march in the parade, one officer said, "We gotta have some strength left for the ball game and we cannot expand it all marching in a parade."

Teams were in the process of securing the services of water boys as late as Tuesday. Rumor is out they may have to play, too.

A special request has been made to Mobile Medic to be on hand with a lot of oxygen.

I hope to see you at the game. I don't know what kind of game it will be.

Even though it was very chilly, the Hancock Medical Center's *Celebration of Life 1991* was a success.

I was really beginning to feel very old until I was 'rescued' from being the oldest person present born at the King's Daughters and Sons Hospital in Bay St. Louis.

Good old Charles F. Staehle of Bay St. Louis 'rescued' me as he was born 25 months earlier than I at the King's Daughters and Sons Hospital.

Like myself, Charles, I won't say how long, but I have known him since elementary school days at *Rip University*, was born in the one-room hospital the late Dr. Ward supplied at his office building on Main Street.

The folks who attended the big event enjoyed themselves and had a good time.

I would personally like to thank Staehle, the entertainment group *Impersonators*, RSVP Choir, elected officials, Pink Ladies, Bay Rotary Club, Hancock Exchange Club, the marchers, volunteers, HMC employees and everyone who helped make the *Celebration of Life 1991* a reality.

I will be looking forward to the next celebration.

Forums on criminal justice to be held

How can we make our criminal justice system work better?

That is a question currently being posed by 41 Mississippians looking into our state's criminal justice system.

Last April, I created the Criminal Justice Task Force to review and propose changes in the way that we protect our law-abiding citizens.

People in Mississippi want justice that is swift, certain and fair. It is our goal for this task force to make recommendations that strengthen and improve the criminal justice system.

The task force is charged with placing special emphasis on curbing narcotics trafficking, rehabilitating youthful offenders and imposing more stringent sentencing guidelines for convicted drug dealers.

This is a massive undertaking to study every facet of our criminal justice system. We must begin to develop long-range solutions that will help us accomplish our goals.

That is where you can help. Criminal justice leaders want Mississippi residents to share their concerns about criminal justice issues at six public hearings to be held simultaneously today during

"Citizens' Day in Mississippi: A forum on Criminal Justice."

The hearings will be held in each Congressional District and Jackson beginning at 5:30 p.m. they will be moderated by members of Mississippi's criminal justice system.

The hearing sites are: Tupelo: City Council Chambers; Justice Building, 200 Jefferson Street

Jackson: City Hall Council Chambers, First Floor, 219 South President

Natchez: City Hall Council Chambers, Second Floor, 124 South Pearl Street

Greenwood: Greenwood Police Station, Conference Room, 406 Main Street

Meridian: Meridian Community College, Allied Health Building, Room H240, 5500 Hwy. 19 North

Gulfport: West Side Community Center, 4010 West Beach Blvd.

Our local and state law enforcement officials are performing a valuable service against tough odds, but we need your help. By your participation in Citizens Day, we will make a difference.

THE PEOPLE'S BUSINESS

From the Mississippi Economic Council

M/E/C

We can defeat criminals—but we have to get involved

The young man had just parked his new BMW, the product of many long hours at the accounting firm where he worked, along a tree-lined curb in the heart of one of Jackson's most affluent neighborhoods.

Leaning into the car to remove his briefcase from the rear seat, he didn't see the two thieves approach—he only felt the short barrel of the gun poke into his ribs.

"Give us the keys," one said. Later, the man could say quite honestly he felt no sense of surprise, only outrage and frustration. After all, it was the third auto theft in his neighborhood that week—it was only Wednesday.

The police officers were professional and sympathetic, but not very encouraging. "Do you have insurance?" one asked. "Yes," he answered.

"Good, but your rates are about to go up. You live in a high crime area, and German sedans are a hot item this year," he explained. "There is a big demand for them in the chop shops up North, not to mention the fact that the joy riders love 'em."

"We will do our best, but don't get your hopes up," the other officer said. "Your car may not be in the best shape in the world when we find it."

The man idly kicked at the ground with the toe of his shoe and wondered if it was too late to rent a car. He didn't want to be late to work in the morning.

It is a scene that is played out with increasing frequency across the state, but especially in its capital city. From January to September there were 2,095 motor vehicle thefts in Jackson.

And, those were only the statistics on auto theft. There were also 56 murders, 128 rapes, 101 robberies, 2,391 assaults, 6,310 burglaries and 9,764 larcenies.

The cops do the best they can, but the Jackson Police Department is woefully underfunded.

Fighting crime is a priority, but Jackson, like other cities across the nation, is in the midst of a severe budget crunch and struggling to maintain basic services.

One way we can help is to get involved.

If your community doesn't have a Neighborhood Watch program, volunteer to help form one. Also, work with other members of your community to set up neighborhood patrols.

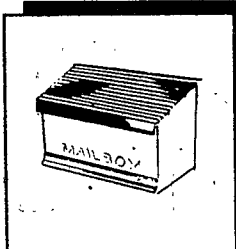

We all know that drug use fuels the crime problem. Drugs are an expensive and uncontrollable habit. Cocaine addiction alone can cost a user up to \$250 per day, and 15-year-old junkies don't have that kind of money. They have to steal to feed their addiction; the more they steal, the more their addiction grows.

So offer your services to your local school to help teachers keep drugs out of the classroom and educate students about drug use.

Attend City Council meetings to voice your concerns, and push officials to search for creative solutions to crime problems. You may be surprised at what you can accomplish.

For example, as a result of community pressure, the City of Jackson will soon institute a volunteer reserve officers program that will allow qualified citizens to volunteer, after completing an accelerated training course, to serve a minimum of eight hours a month as fully sworn police officers. These reserve officers will serve without pay, allowing the city—at little expense—to put extra officers on the street.

Although there can be no doubt we need additional resources to continue the war on crime, local volunteers can do a great deal to help protect their neighborhoods. All you have to do is get involved.

LETTERS TO THE EDITOR

Reader takes exception to Election Comm. member

To the Editor,

Voters of Hancock County, this letter is addressed to you in reply to election commissioner Nolan's letter to the editor of Nov. 7.

Her letter condemned the uproar made by the Republican Executive Committee's request to have election laws obeyed by the election commission. It is my understanding that the Republican Party was only asking for one member of the poll workers to be recommended as a representative of the Republican Party in accordance with state election laws.

I find it hard to believe that a public official, elected by the public, sworn to uphold the laws of the state, would feel intimidated by being asked to uphold the laws she is sworn to uphold.

The poll workers work long, hard hours to insure that when a person votes their vote is counted.

Great praise should be extended to our dedicated poll workers.

However, questions were raised in earlier elections (party primaries) when almost 300

votes were lost "somewhere" for the superintendent's race. This should in no way reflect on the dedication and honesty of the poll workers.

To insure that no one could question any worker the Republican Party simply asked that state law be upheld.

It should be noted that all other election commissioners did everything in their power to follow election laws in this matter.

Finally, in the one precinct that did not have a Republican poll worker, an attorney present in that precinct advised me of a "self-appointed" poll worker allegedly violating election laws. This self-appointed worker had to be removed by a sheriff's deputy.

As a citizen of Hancock County, I am glad that somebody is zealous about my vote. Too many men died to ensure that I would be allowed to vote.

I want the laws followed, and I want my vote to be counted, nothing less will do.

James Maness

STREET TALK

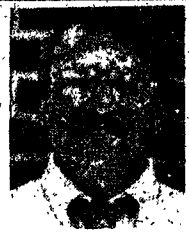

Do you feel the outcome of the Louisiana governor's race will affect Mississippi?

"Slightly. It will drive some of the business to Mississippi no matter which way it ends up. Probably more so if Duke gets in."

Bob Marvin
Bay St. Louis

"Yes. We are too close to be immune from whatever happens economically there."

Carlos Cordon
Diamondhead

"I don't think it will affect Mississippi at all. I'm glad that Mississippi had the choices they had, instead of the choices Louisiana has."

John Genin
Bay St. Louis

"If Duke is elected it will be a more honest leadership and the welfare system and other social programs will change. Maybe the integrity will brush over even to Mississippi."

Sam McDonald
Waveland

"I don't think it will affect Mississippi. We have our own set of problems. We are a different state."

Lawrence Coe
Waveland

"Yes, it will give us some encouragement, some belief in America again, if Duke wins. If an ex-Black Panther member and an ex-KKK member become Supreme Court judges, and they can be forgiven their pasts, why can't Duke become governor?"

Puppet show set for Saturday at Mississippi Power Company

BY TRACI BONNEY
It's a puppet invasion!

In honor of Children's Book Week, Bookends Bookstore is sponsoring a Puppet puppet show titled "I Like to Read," Saturday, 11 a.m., in the Mississippi Power Company meet-

ing room on Hwy. 90.

Performing the musical show will be Puppet and the Bayou Town Puppets. Singer Cherie Schadler and her husband Ron are the voices and hands behind The Bayou Town Puppets, which include Boudreaux and his friends.

The Schadlers, of Nashville, Tenn., are no strangers to the area. Cherie performed at the Children's Art Festival during the Beach Front Festival in 1990.

Admission to the show is one used book for the Children's

Book Bank to be distributed by the Hancock County Food Pantry. Canned goods are also welcomed.

After the show, refreshments will be served at Bookends. For more information, call 467-9623.

Annunciation St. Vincent ladies hold card party at Diamondhead

The St. Vincent de Paul ladies of Annunciation parish invite anyone who is interested to a card party Thursday, Nov. 21, at the Diamondhead Community Center from 1 to 4 p.m.

Bridge and other card games will be played. Prizes will be awarded for bridge, and door

prizes will be given.

Coffee and dessert will be served.

A \$6 donation per person will be accepted at the door.

The party is one of the organization's fund raisers to buy food and other necessities for the poor of the parish.

Procurement advisor at PRC

A procurement advisor from the Mississippi Contract Procurement Center will be at Pearl River Community College Small Business Development Center from 9 a.m. to 2 p.m. today.

The advisor will be on hand at the PRC Forrest County Center to answer questions for a business, firm or facility regarding the free services MCPC provides to Mississippi businesses who want to do business with the government.

This is not a workshop, but an opportunity for an individual seeking assistance on a one-to-one basis.

To schedule an appointment call 544-0030.

JTPA participant receives award

Todd H. Lyons, a former participant of the Basic Skills for Employment-Sentenced to Read Program, received the 1991 JTPA Alumni Youth Participant of the Year Award this summer.

The award was presented by Congressman Gene Taylor and Gulf Coast Private Industry Council chairman Noel Phillips at an awards luncheon sponsored by Gulf Coast Business Services Corporation at the Royal D'Iberville Hotel in Biloxi August 27.

Lyons will also be nominated to the National Association of Private Industry Council for further recognition next March.

Lyons, 18, is a Bay St. Louis resident. Due to unforeseen circumstances, he decided to drop out of school in the ninth grade. This eventually led to delinquency.

Under the court order of Judge Michael Haas Sr., Lyons

Todd H. Lyons

was enrolled in the Basic Skills for Employment Program. He completed program training, tested and received his GED and is now enrolled at Mississippi Gulf Coast Community College-Perkinston campus, where he is studying architectural landscaping.

JTPA (Job Training Partnership Act) Alumni Week was celebrated August 26-September 2, and sponsored by the National Association of County Training and Employment Professionals. The week was a nationwide effort to focus on the success of JTPA as told by its alumni.

Lyons was nominated for the award by his instructor, Robert Varvel, who submitted a synopsis of his accomplishments using an established selection criteria. He was one of several in competition for the award.

SSC announces Principal's Leadership Award nominee

Dr. Michael Ryan, principal of St. Stanislaus, has named Mickey Quinlan, son of Mr. and Mrs. Mick Quinlan, as this year's nominee for the Principal's Leadership Award.

This award affords principals the opportunity to recognize one of their student leaders and to nominate that student for a national scholarship. One senior, who is an outstanding leader and in the top 20 percent of his class, may be nominated.

The program, administered by the National Association of Student Councils and the National Honor Society, will provide 150 scholarships of \$1,000 each for 1992.

Quinlan is president of Mu Alpha Theta (a math honor club), vice-president of the Catholic Youth Organization at St. Clare's in Waveland and a member of the Search Retreat Team; additionally, he plays varsity football, baseball and soccer.

During his previous years at St. Stanislaus Quinlan has achieved the honor roll each

quarter and Student of the Year for 1989 and 1990. He was the American Legion Boys State representative and was secretary of the National Honor Society

in 1990-91.

In sports he has received the Mr. Rock-A-Chaw Award in baseball, the Coaches Award in football and All-District in football and baseball.

SHOPPING UP A STORM

By Katy
McGuire Caire

If you're "souping up" your menus these brisk November days—and who isn't?—you and your budget are in luck! All the "makin's" are in full supply and at good prices at our area supermarkets.

I prefer a beef brisket or chuck roast for my soupmeat, along with a beef bone or so, for my beef-vegetable soup. Others prefer boneless cuts. It's a matter of personal taste, but, in my opinion, you need the bones—and the marrow—for a good soup!

I often pick up crosscut shanks or packages of plain old "soup bones" (with a little meat

on them) and "stash" them in the freezer until I'm ready to make soup. (I do the same with bits of vegetables and cooking liquid from the vegetables and such, and toss it all into the pot.

Whole beef briskets, untrimmed, are especially priced. If you don't want to stir the soup you might bake or ovenbarbecue the brisket, "pot roast" it or, whatever. But, I like to make soup, then serve the brisket with some of the vegetables from the soup; and then, when it's all but gone, make a soupmeat salad!

First-cut blade beef chuck roasts are bargain-priced, also.

(And a good soup choice). As for the vegetables, celery and carrots and cabbage are a bargain, as are onions and turnips. (I always add a couple of turnips to the soup pot). Yellow corn is a good value, as are the all-purpose russet potatoes. And, canned tomatoes are on sale, too. So, get busy!

And, you'll have meat left over for other meals. Here's a thrifty and filling soupmeat salad of Creole-Cajun cuisine:

SOUPMEAT SALAD

Cut the meat from the bone of the beef brisket or whatever other cut you've used for the

vegetable soup, and dice just as you would if making chicken salad or such. Mix with mayonnaise, to the consistency you wish, combining with it a couple of chopped hard-cooked eggs, a few chopped cooked Irish potatoes, if there are any in the larder, along with a generous measure of chopped onions and celery. Add a splash or so of hot pepper sauce, dashes of pepper and a bit of salt.

Pork is still a good buy, from lean fresh pork picnic roasts and smoked whole picnics, to ham shank portions and boneless hams. Fryer breasts are also a good value.

Bananas are a good buy, as is Kiwi fruit. Tangelos are in from Florida, as are "juice" oranges. And, the apples of autumn and winter are good buys.

THANK YOU!

I would like to express a sincere thank you to the voters of District One for their vote of confidence! I look forward to serving you for the next 4 years!

COOKING UP A STORM

By Katy

Ever since the days of the Garden of Eden, the apple has been prominent in our legends, our history, our lives. The early settlers of our country made sure that apple seeds were part of their precious hoards when they set out for the New World, so that they could grow the trees and enjoy the apples in all sorts of ways.

And, let's not forget Johnny Appleseed (whose real name was John Chapman). He wandered through the wilderness, so we are told, planting apple seeds in between stints of preaching to his countrymen!

meal of sauteed apple slices surrounding a crisp-crusted loin of pork or platter of pork sausage? Or—we can all call to mind our special favorites, can't we?

Apple desserts are favorites around the world. For an easy, but delicious dessert, try:

APPLE CRUMB CAKE

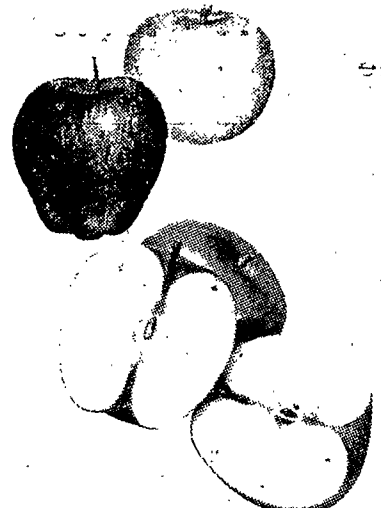

- 1 cup sugar
- 1 cup flour
- 1 tsp. salt
- 1 tsp. baking powder
- 6 large apples, cored and sliced
- 1 egg
- 1/3 cup melted margarine
- Cinnamon sugar

Sift together the flour, sugar, salt and baking powder. Add the unbeaten egg, and mix until it resembles coarse meal; it's easiest to mix with your hands, but if you're on the finicky side, use a fork.

Line the bottom of a 9x13-inch baking dish with the sliced apples, and sprinkle with the flour mixture. Drizzle the melted margarine over, then sprinkle with cinnamon sugar (just sugar and cinnamon mixed together) to your taste. Bake for approximately one hour in a 350-degree oven. Delicious!

There are so many varieties of apples these days that it's difficult to decide upon a favorite—I like just about all sorts of apples, except the mealy ones, in all sorts of ways.

Of course, apple pie is a cornerstone of our American cooking, along with apple dumplings and such. And, what is more tasty for a quick snack than a crisp, tart apple eaten along with generous wedges of sharp Cheddar cheese? Or a

FEAR ALMOST COST ME EVERYTHING I LOVE!

Like most people my age, I knew all the warning signs of cancer, but fear kept me from going in for a checkup. I was more afraid of knowing the truth than I was of cancer itself.

Now, I feel so foolish. My procrastination and fear almost cost me my life and everything I love. But I was lucky.

My doctor at Slidell Memorial Hospital, once I did go in, carefully explained that early detection and prompt treatment offer the best hope for a full recovery. Cancer, if ignored and untreated, will continue to invade and destroy healthy tissue, increasing your risk and the possibility of complications.

The Cancer Center at Slidell Memorial Hospital uses a multidisciplinary approach to

bring together all the people and resources needed to successfully diagnose and treat cancer of any kind.

Skilled physicians, specially-trained nurses and experienced staff utilize the newest, most advanced technology and techniques to provide services and programs designed to make living with cancer easier on both patients and their families.

If you would like to know more about preventing, detecting and treating cancer, please call or write today.

HMC's Celebration of Life 1991

(Echo staff photo by Ellis Cuevas)

Conrad and Don Mauffray lead the second liners.

BY ELLIS CUEVAS

Some 300 participated in the Hancock Medical Center's Celebration of Life 1991 last Saturday.

Among those in attendance were Mrs. Robert Linfield, daughter; and Mrs. Marjory Lynch, granddaughter of Mrs. A.F. Fournier, founder of the King's Daughters and Sons Hospital in Bay St. Louis.

Dan Diamond was emcee; Conrad Mauffray, parade marshall; with judges Emily de Montluzin, Nel Ducomb, Darlene Underwood, Bay Mayor Eddie Favre and Waveland Mayor Stella Frilot.

There were sack races, balloon tosses, face painting, second liner parade, live entertainment by the Impersonators and RSVP Choir.

In the parade, first place went to Brandon and Brian Butler's birthday cake on a wagon. They are the sons of Ezell Butler and the late Robert Butler Jr. of Bay St. Louis.

Emily Liner, daughter of Terry Liner, was second; and Megan Chevis, daughter of Mr. and Mrs. John Chevis, third.

Don Henderson, HMC administrator said, "The Celebration of Life 1991 was a way to celebrate our past as a medical center and we are now looking forward to the future."

Bay and Waveland American Legion members served as color guards, with Dr. Nathan Barber giving the invocation.

Bay singer reaches new heights

BY JACQUI COCHRAN

Every Sunday at the St. Louis Cathedral in New Orleans, Sandra Scafide-Russell raises her voice in adoration of her God and to the delight of those earthy ears in attendance.

Scafide-Russell is a lyric coloratura soprano, a voice teacher and mother. She is the daughter of Arthur A. Scafide Sr., who is deceased, and Katie Pravata Scafide, who resides in Mandeville, La., near her daughter.

During her childhood, Scafide-Russell studied voice under Louis Panzeri. After graduation from St. Joseph Academy in Bay St. Louis, she went on to study voice at Louisiana State University (LSU). While there she received the Baton Rouge Opera Guild Scholarship, the Rotary Club Scholarship and the Regional National Association of Teachers of Singing (NATS) Contest Award.

Upon completion of her college education, Scafide-Russell

Sandra Scafide-Russell

traveled to the Manhattan School of Music in New York where she studied opera and received a vocal scholarship with the famed Rose Bampton of the Metropolitan Opera.

Scafide-Russell has sung professionally in New York and throughout the South, specializing in the performance of sacred music.

This past summer she toured with the St. Louis Cathedral Concert Choir under the direction of Dr. Elise Cambon.

She sang with the choir and as a soloist for the Salzburg Church Music Festival which took place during High Mass in the Salzburg Cathedral and during Mass in St. Stephen Cathedral in Vienna. While in Vienna the choir gave a concert at the Karlskirche, and in Czechoslovakia repeated the performance at the Cathedral of St. Elizabeth.

Scafide-Russell reported, the choir's arrival in Czechoslovakia was 10 days after the withdrawal of Soviet troops. She said the people still showed signs of oppression from years of Communist rule. During the concert there, the elderly people broke out in tears upon hearing the solo performances. Afterwards the singers went into the audience where the people hugged them in appreciation.

In Salzburg, she stated, the people stood up and applauded following the clergy procession which signed the end of the mass.

Performances included Samuel Barber's Prayers of Kierkegaard, Haydn's Creation, Bach's St. Matthew Passion and Christmas Oratorio, Mozart's Requiem and Grand Mass in C Minor, Brahms' German Requiem and Handel's Messiah.

Scafide-Russell sings in concerts and weddings throughout the New Orleans area. For the past three years she has sung in the America Sings concert at St. Joseph Abbey in Benedict, La.

She has taught voice at Tulane University in New Orleans and presently teaches private classes in Metairie and the Mandeville/Covington areas of Louisiana. She resides in Covington with her husband and two daughters.

Spirit Alive

First Presbyterian Church (USA) of Bay St. Louis held a Spirit Alive congregational renewal November 9-12. A visiting team of laypersons and pastors worked with pastor Rev. Richard Jones and local coordinators Ed and Sue Ling of Pass Christian to bring spiritual revitalization and growth to the church. Team members, shown above in prayer preparation for an evening worship service, included Rev. Carter Blaisdell, national coordinator of Spirit Alive; guest preacher Rev. James Henry Logan, pastor of South Tryon Presbyterian Church in Charlotte, N.C.; New Orleansians Paul and Jim Lapeyre, who headed up the music worship; children's teachers Cal and Karen Smith of Waveland; Rev. Andy Buchanan of Charlotte; Jim and Evelyn Monroe of Eagle Lake, Fla.; John and Nancy Newton of Thibodaux, La.; Raymond and Kelly Oehrle of Madison, Ala.; and clown Raggedy Butterfly, who taught the children fourth grade and older. Rev. Logan is shown at left, and the bottom photo shows Raggedy Butterfly, her bunny, Isaiah, and Rev. Jones with a few friends: (from left) Sarah Russell, Timothy Helderman and Robert Russell. Rucker named Gulfside consultant

Israel Rucker of Atlanta, Ga. has been assigned as a part-time consultant on program development at Gulfside Assembly, Waveland.

Dr. Rucker, a ministerial member of the Mississippi Conference, has previously served as United Methodist pastor and district superintendent in the state of Mississippi.

From 1973 to 1991 he served as associate executive director of programming for the South-eastern Jurisdiction United Methodist Church staff, headquartered in Lake Junaluska, N.C.

Dr. Charles Kellogg, co-executive director of Gulfside,

Israel Rucker

said, "While Dr. Rucker will only be with us part-time on his assignment from the jurisdictional office, he is much needed

for the purpose of developing United Methodist programs that are unique for the Gulfside constituency."

CIRCLES OF CONFUSION

All about
photography 'n stuff
By T.H. 'Doc' Toups

The Mason-Dixon line was originally the boundary between Pennsylvania and Maryland. Surveyed by English astronomers Charles Mason and Jeremiah Dixon in the year of, ah, uh — a long time ago. It runs at a north latitude of 39°43'19.11".

Though the historical details are somewhat muddled, the line became the symbol of the boundary between the North and the South.

Then we fought the Civil War.

I have always been deeply suspicious of the geographic predicates which were behind that conflict. God gave mankind a perfectly workable, more natural landmark which should serve as the boundary between North and South: It's called Interstate 10.

Yes, dear reader, I am aware that much of Hancock County lies north of I-10. Believe me, I

have nothing but sympathy for our less-fortunate Southern brethren who are forced to live in that frozen wasteland.

Polar bears, glaciers, ice caves, avalanches and months-long winter nights have always kept me south of I-10.

A quick trip to any real estate office will prove that God, in his infinite wisdom, tended to reduce property values as latitude crept upward!

By now you're probably asking yourself what this somewhat warped lesson in North American geography has to do with photography. It concerns batteries; every once in a while, some of that damnably-cold Yankee weather infiltrates our beloved I-10 border and sneaks down to the Coast.

During these thankfully rare infiltrations, pipes burst, cars refuse to start and birth rates rise dramatically nine months

Geography, batteries, and cold weather

later. Also, cameras, flashes and other photo equipment frequently stop working.

Batteries in cars, cameras, motorcycles and most other items absolutely essential to some semblance of a tolerable existence don't handle cold weather well. Like people, though, some batteries handle cold better than others.

General purpose manganese dioxide batteries and Ni Cads don't respond very well to temperature drops. The time to discover this is not when you are about to take a once-in-a-lifetime picture, only to find that your electronic wunderkammer has become a two-pound fishing weight.

Keep a fresh set of alkaline batteries handy and monitor the state of charge in all of your batteries with a portable tester.

If you do find that your batteries refuse to work and you

don't have any spares, the situation might not be lost. Remove the batteries from the camera and warm them up. Warming batteries with your body heat, by keeping them in your pocket or between your hands will almost always raise their voltage, often to useable levels.

If your flash batteries stop working and warming them doesn't cure the problem, you might still be able to get that night shot. Support your camera against a steady fixture, such as a building or fence post and try the shot with a very low shutter speed and wide aperture.

This works more often than you might imagine.

It looks like we're in the midst of another bout of cold weather. Fellow Southerners, be brave, be strong, be full of good cheer. And keep your batteries in your pocket!

The clutter of our lives

"Our life is frittered away by detail. . . Simplify, simplify."
—Henry David Thoreau

So, times have changed, have they?

Thoreau lived long before most of the innovations that "simplify" our lives — telephones, answering machines, telefaxes, to name a few.

In *Walden*, Thoreau wrote many wise things, including the quote that started this column. But I don't think he had in mind what one might call a "simple" life today.

To him, a simple life included sitting by a pond watching the birds and other critters, learning what he could about life from life.

To us, a simple life is one in which we don't have forty things tugging at our shirtsleeves in the same instant.

A simple life means not having to answer twenty phone messages from your state-of-the-art answering machine, not

having to respond to thirty pieces of junk mail by Wednesday, not having to read fifty faxes before noon.

Faxes. There's a wonderful concept.

Don't get me wrong. I think the telefax does have its good points. If I need information from someone quickly, and he has a fax machine, he can send it to me without the old one-to-three-day wait of the postal service.

However, having a fax machine also has its disadvantages. I don't have a personal machine, but the newspaper has one, and you wouldn't believe some of the unmitigated drivel we receive.

We got something in here the other day from some guy who evidently thinks he is John Wayne reincarnated. (To quote Dave Barry: I swear I am not making this up.)

The man's name was "King John-Wayne Johnson, Prince of

Peace."

He said reincarnation is the answer to all our problems. Some of y'all might actually believe in reincarnation; that's your business. But if you weren't sure about it, and you read this guy's letter, you would be swayed against the idea.

Anyway, that's just a sample of the products of our fax. We also get a lot of press releases that have no bearing on our readers.

Does this "electronic junk mail" simplify our lives? Absolutely not!

It just provides more fodder for File 13.

So, what's the answer? Get rid of fax machines?

No. Maybe we need to form a Federal Telefax Communications Commission. The FTCC could regulate what is and isn't sent over fax machines.

Then again, somebody would start screaming about right to

privacy, freedom of speech and all that, and the FTCC's hands would be quickly tied in red tape or paperwork from a lawsuit.

Besides, who needs more bureaucrats?

Maybe the government could issue a license to fax. This license would allow certain people to telefax certain items, like documents, information releases, etc. If someone faxed without a license, or violated fax license regulations, they could be fined.

Nah; we can't totally enforce the laws we have. Why create more work for an already over-worked judicial system?

I guess the most effective method of simplifying our lives where the fax is concerned, is to simply place File 13 next to the fax machine. As something comes off the machine, skim it.

If it's worth keeping, keep it. If it isn't, File it.

'Shop 'til you drop' at Nov. Main St. Market

Special to the Echo
The November Main Street market will have a decidedly festive atmosphere when it opens Nov. 16, 8 a.m., 119 Main Street.

A local artist will be on site to offer charcoal or pastel portraits, several local craftsmen will offer Christmas decorations

and gifts, a local antique dealer will offer bric-a-brac purchased from a recent estate sale.

"One local woodworker will offer the popular Adirondack chairs seen in *Victorian and Country Living* magazines and wonderful wooden chests made from doors," said Mike Cuevas,

Main Street-Bay St. Louis project manager.

"Our Main Street Market shoppers will have a wonderful time holiday shopping at the market, watch the Doll and Toy Fund parade beginning at 1 p.m., and continue their day visiting the forty-plus shops and restaurants in the downtown area. Saturday, Nov. 16 can be 'shop 'til you drop' at its best!" continued Cuevas.

"Visitors have discovered the

shopping mecca downtown has become. They recognize the variety and quality of goods and services downtown offers. What has been most rewarding has been watching natives of the community rediscover their hometown."

Proceeds from booth rentals of the Main Street Market are used for the city's revitalization efforts in the Main Street-Bay St. Louis project areas.

KC celebrates Memorial Mass

The Bay St. Louis chapter of the Knights of Columbus will hold its annual Memorial Mass, 7 p.m. Monday.

Over 150 deceased members, dating from deaths beginning in

1916, will be named and remembered.

Family and friends of KC members are invited to attend the evening service at the KC Hall on Main Street.

Lutheran Church holds Christmas bazaar

The Lutheran Church of the Pines in Waveland will hold a Christmas bazaar Saturday and Sunday, Nov. 16-17.

The bazaar will run from 9 a.m. to 3 p.m. Saturday, and 10:30 a.m. to 2 p.m. Sunday, in the church parking lot across from Kmart on Hwy. 90.

Handmade items, baked goods and "white elephant" items will be sold.

Hawks face Tomcats in playoff

BY JACQUI COCHRAN
Hancock County High School, Division 8 Class 4-A

runner-up, will face the Stone County Tomcats, Division 6 Class 4-A district champion,

tomorrow night in the opening of state play.

"We know we are going up there the underdogs," Hawk coach Irvin Favre stated. "The Tomcats are 9-1 for the season and that is a pretty impressive record."

"They have a running back, Artie Moore, who is top in the state. They just pitch the ball to him and let him run. He has blazing speed."

"Defensively, the Hawks are going to have to stop Moore. He is 80 percent of their offense. We will have to do a super job of containing him."

"We do have a good defensive plan worked out to do just that, but you will have to wait and see what that is on Friday night."

Favre continued, "Moore is good, but what makes Stone County's team is their quickness on defense. This entire season they have allowed less than 10 points per game. They swarm to the ball."

"They have also carried fumbles and interceptions in for touchdowns 10 times this year. Where other teams fall on a fumble, Stone County picks it up and runs with it."

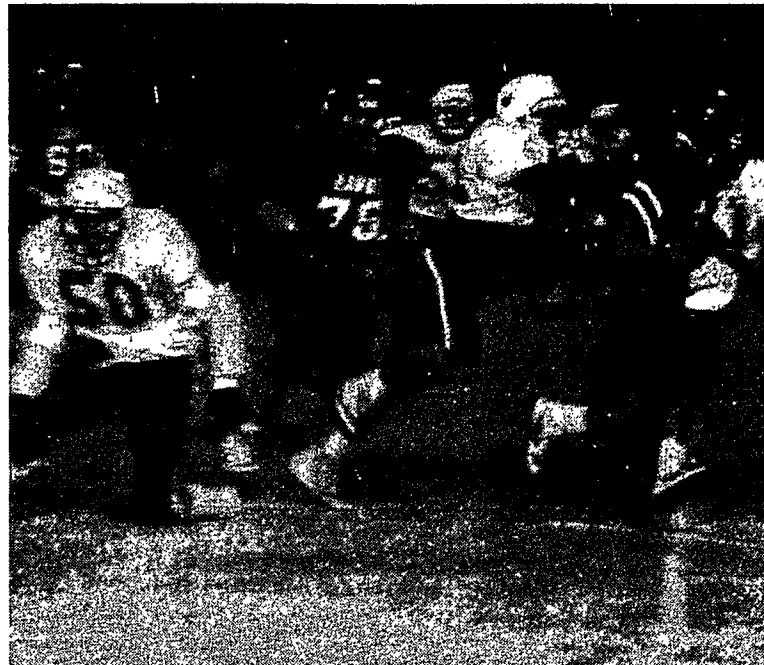

"We may try to spread the Tomcat defense by moving the ball from side to side. We may throw it more. Whatever we do, we must keep them from lighting down on us."

"The main thing is for the

Hawks to keep simple and do that which they can do well.

"The kids are ready. All week we have had good practices and they know they are ready."

"These past two weeks the Hawks have played with a lot of

Bowl bound

Hancock High's Hawks hope to continue busting loose as they did last Friday night in defeating the St. Stanislaus Rock-A-Chaws in the final game of the season. Hancock gets a severe test Friday when they play Stone County, the Division 6 Class 4-A leaders in playoff action. Hancock finished the season 6-4 and 4-2 tied with d'Iberville for the runner-up slot in Division 8 Class 4A division. Hancock got the nod in the playoffs because of their defeat of d'Iberville in regular season play. Friday's playoff game will be held in the Perkinson Junior College stadium with kickoff at 7:30 p.m. (Echo staff photo by Ellis Cuevas)

BHS Tigers end season with four winning records

BY RANDY PONDER

The Bay High Tigers defeated Long Beach 13-0 Friday night to cap a season packed full of accomplishments.

In the second year of a rebuilding process, the Tigers won four of their last six games to finish the season at 5-5. The two losses were to playoff teams Hancock High and Poplarville. The 5-5 record is the best

This means that nine starters will be returning for the 1992 season.

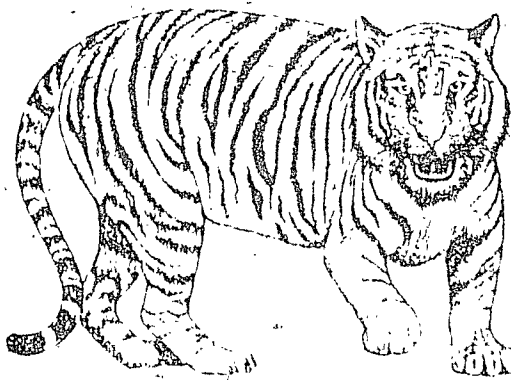

The defense had six games during the season in which they allowed one touchdown or less. This includes two shutouts, 20-0 over Purvis and 13-0 over Long Beach.

The B team finished the season with a 3-1 record in spite of being a very limited and small

completion of and moving into the new athletic field house. This facility, located next to the practice field, was a joint ven-

ture between the school district, which had the building erected,

since 1987. Bay High also picked up their first road win since 1987, an 18-8 victory over the Vancleave Bulldogs on October 11.

Coach Rocky Gaudin's squad lost only one home game. St. Stanislaus beat the Tigers 42-16 in the second game of the season.

Bay High started or played between 20-25 or more different players almost every game. The squad consists of 35 members, only eight of whom are seniors. Two seniors started on offense and three started on defense.

squad due to the large number of underclassmen who started or played a lot on Friday nights.

The 9th grade team ran up a record of 6-2 with only 15 players. They finished second in the Gulf Coast Jr. High Conference with a 4-2 mark. They will play in the Mullet Bowl tonight.

The 7th and 8th grade team ended their season at 5-3. They finished strong, winning their last three games. They also earned second place in their conference.

Other accomplishments for the 1991 season include the

Ninth grade Rocks defeat HHS Hawks

The St. Stanislaus ninth grade squad closed their season last Thursday with a 26-0 victory over the Hancock Hawks at the Rock-A-Chaw Stadium.

After kicking off and stopping the Hawks' first possession on a fumble recovery by Jason Tilden, Nathan Middleton pitched to Brandon Benoit who took it around the left side for a 76-yard touchdown scamper. The extra point attempt failed and the Rocks led 6-0.

Following another fumble, this one caused by Brooks' Quinlan and recovered by Alex Perez, Middleton hooked up with Vince Moran on a 45-yard touchdown pass. Again, the PAT failed.

The second half began much like the first. After a fumbled punt recovery by Quinlan, the Rocks drove the ball down the field on the ground, culminating the drive with a one-yard plunge by Middleton. The extra point came on a toss from Middleton to Quinlan.

The same two combined to close out the scoring, this time on a pass covering 60 yards.

Unofficially, Brandon Benoit finished the night with approximately 145 yards on the ground.

Defensively, the Rocks shut down the powerful running attack of the Hawks. Hard hitting by the interior line and excellent play by the linebacker corps held the Hancock offense at bay.

"We ended our season with a 3-3 record with one of the losses coming on the final play of the Bay High game and another in overtime against Pearl River Central," stated head coach Andy Kivlan.

"We played tough all year, and this is a very talented group of athletes. Their potential is unlimited. I expect to see some very positive things in the future."

Kivlan is assisted by coaches Carey Ourso and Chuck Genin.

PRC basketball team 1-1 for season

The Pearl River College Wildcats are 1-1 after the first week of play in the 1991-92 basketball season.

The Cats dropped their season opener Tuesday, Nov. 5 by a narrow 105-103 to Delgado, La., but rebounded back to crush Natchez 138-64 in Poplarville Thursday night. Despite the loss, Wildcat head coach Richard Mathis said he is happy with his team.

"I knew we were in for a tough game with Delgado," he said.

"But all things considering, with the exception of about a minute when we let our lead evaporate and our inability to score at the end, I was pleased with the game."

"I was pleased with our desire to play hard," he said.

Steven Hawthorn, a 6'4" sophomore from Hattiesburg, led the team with 22 points, followed by Davy Lawler, a 6'7" freshman also from Hattiesburg, had 18.

Donald Davis, the 5'9" freshman from Leonville, La. hit 17 points, and Fred Warner, 6'4" sophomore from Prentiss, scored 16.

Mathis said he was disappointed with the number of turnovers his team gave away during the contest with Delgado.

The Natchez game was a different story: The Wildcats dominated the game all night and even had the chance to try some strategies.

"We were able to work some

things in a game situation, namely our fast break," Mathis said. He added that his squad struggled with the fast break against Delgado.

"We also worked on our zone defense and played zone the entire second half," he said.

"Everybody played, everybody scored and everybody made a contribution to the game which helps team morale," he said.

Nine Wildcats scored in the double digits against Natchez. Leading scorers were Warner, 20; Jimmy Coates and Anthony Alford, 13 each; Lawler and Carlos Adams, 12 each.

Coates is a 6'3" sophomore from Hattiesburg; Adams stands 6'7" and is a freshman from Prentiss. Alford is a 6'4"

freshman from Columbia.

The Wildcats traveled Saturday to Scooba to face East Mississippi where Mathis started coaching junior college basketball.

The Lady Wildcats, under the leading of coach Polly Kirkland, also traveled to Scooba for their season opener. The Lady Cats played at home Tuesday, Nov. 12 against Faulkner State, Ala. in the Marvin R. White Coliseum on the PRC campus.

Both ladies and men will play their first South Division contest against Southwest Thursday, Nov. 14 on the PRC campus. The ladies' game begins at 6 p.m. with the men's game starting immediately thereafter.

Bay Youth League Broncos, Raiders claim wins

Two Bay St. Louis 9- to 10-year-old youth league teams defeated their opponents November 2.

The Bay St. Louis Broncos crushed the Hancock Hawks 42-0, while the Bay St. Louis Raiders stole the day from the Pearl River Central Jets, 23-12.

Following that game, the Broncos' record stood at 8-0 with two weeks remaining in league play. The Broncos are sponsored by American Legion Post 139.

As of the Nov. 2 game, the Broncos had outscored their opponents by a margin of 256-22. The team is coached by Jay Cuevas and Fred Peterman.

The Raiders are sponsored by Alcan Cable and coached by Jay Cuevas and Lexie Haynes.

Their record for the season stood at 4-3-1 with two weeks remaining in league play after November 2.

They had lost two of their three losses by a total of four points.

This is the first year of play for the Bay St. Louis Youth Football League.

Turkey shoot, fish fry to benefit Bay Athletic Club

Bay High Players of Week

Adrian Whavers, #34 (left), a junior tailback, was selected by the Bay High Athletic Club as Offensive Player of the Week for the week of November 4-8. Defensive Player of the Week was Jimmy Strong, #52, a junior defensive end. (Bay High School Player of the Week award is sponsored by John McDonald Realty.)

State lakes rates adjusted

The commission on Wildlife, Fisheries and Parks approved several changes in fees for using state lakes at its last meeting in Iuka.

One change is combining a fishing permit with a launching permit. This will make it easier for the fisherman and reduce paperwork for the agency.

Another change is that the department will require all exempt fishermen over age 16 to pay a nominal \$1 fee to fish.

Before, exempt fishermen were not required to pay to fish on state lakes.

Fisheries officials said an estimated 33 percent of those using state lakes are exempt fishermen.

An exempt fisherman is one who is not required to purchase a fishing license because of disability certified by the VA or Social Security Administration or being over age 65.

The annual fishing/launch

permit will increase from \$40 to \$60, and will be valid at all state parks and state park lakes.

Other rates approved by the commission are:

Camping \$8; boat rental \$4; pleasure boating \$10; all other fees remain the same.

These changes will be effective around the first of the year.

Tigers Continued from Page 1B

and the Bay High Athletic Club, which finished the inside of the building.

The field house contains a dressing room/weight room area with space for more than 80 athletes. It also contains a training room, laundry room, storage room, coaches office, bathrooms and showers.

"We are pleased that we have made as much progress as we have, but at the same time, we want to assure the administration, parents and fans that we know that much more needs to be done to make our program

one that they can be proud of for a long time to come," Gaudin stated.

"As head coach, I would like to thank the Bay High School administration, our coaching staff (Joe Shaw, Walt Esslinger and Stace McRaney), the Bay High Athletic Club and all those companies, businesses and individuals who donated time, money, labor, meals and many other things to us. Also our fans who have stuck by us through these first two rebuilding years. And the media for all your great coverage and support."

'Race of the White Wings' will be Nov. 23-24

The second annual 'Race of the White Wings' will take place along the Mississippi Gulf Coast Saturday and Sunday, Nov. 23 and 24.

The Biloxi schooner *Glenn L. Sweetman* and top-mast sloop *Corsair* will be joined on the race course this year by three new contenders, *Cyrus E. King* of Orange Beach, Ala., *R. A. Meredith* of Bay St. Louis, and *TiKabana* of Jackson.

Corsair, winner of last year's race, will be defending the Heidenheim Cup for her home

port of Pass Christian. The *Cyrus E. King* is a Chesapeake Bay bugeye, the *R. A. Meredith* is a Chesapeake Bay skipjack, and the *TiKabana* is a topsail schooner. All five boats will be available for public viewing before and after each day's race.

Saturday's race, hosted by Pass Christian, will begin and end in front of the Pass Christian Harbor. The Seafood Industry Museum, the City of Biloxi, and the Biloxi Yacht Club will host Sunday's race, which will

start and finish in front of the Biloxi Yacht Club.

Opening festivities will begin each day at 10 a.m., with the start of the races scheduled for 11 a.m. Award ceremonies will take place each day approximately 30 minutes after the boats return to the harbor. In the event of a tie, a sail-off is scheduled for Dec. 1.

The *Sweetman*, will be sailed by world class yachtsman Gene Walek III; the *Corsair*, will be skippered by its owner and built

der Michael Broussard; owner Rusty Davidson will be at the helm of the Ocean Springs-built *Cyrus E. King*; Burt and Sharon Klempeter, owners of the *R. A. Meredith*, will skipper their 1911 skipjack; and the topsail schooner *TiKabana*, built in Gulfport, will be captained by its owner, Eric McDonald.

For more information contact Robin Krohn at the Seafood Industry Museum (435-6320) or Barbara Talley at Pass Christian City Hall (452-3310).

FISHIN' Y'ALL

By Jim Maness

Fishing trip only cure for turtle sickness

It's time to go fishin' y'all. Get out the boat. Charge up the battery for the trolling motor.

Set the sail for the raft. Inflate the life boats.

Cancel all "honey do" jobs. Tell the family that absolutely, positively, under no circumstances will you be able to go to work tomorrow (tell them that you have the worst case of turtle sickness your doctor has ever seen and that your doctor has prescribed a cure which is so horrible that you are not allowed to talk about it).

The winter fishing time has arrived.

Reports are coming from Pearl River to the Bay bridge: specks are biting; reds are biting; some of the fish are Mississippi legal, keeping size.

Bordage Fish Camp on Bayou Caddy reports that fish are being caught in Bayou Caddy between the canal at Lambert Lane and the second-to-last sharp bend before you get to the marine.

The most productive method is to use an electric trolling motor and to work the bayou with a red and white Bingo, or a orange Mirror Lure, or a one-third ounce Gig Head with motor oil-colored bodies.

There is also a new type bait that is producing fantastic results. It is called "Shrimp Worms." I will find out more about it in the next few weeks.

Most fish are being caught on a falling tide.

The best time to fish seems to be about one hour after high tide when the water gets a good flow out of the bayou.

You should take note: No fish are being caught about one hour before low tide; very few fish are being caught for a couple hours

after low tide, and the best results are reported on a falling tide.

Make sure that you try Three Oaks Bayou from the first bend after you get past the mouth to the fork. Quite a few nice keeper size specks are being caught in this bayou.

LaFrance Fish Camp is reporting all the fish you care to catch in the Pearl River area. Fishermen are having a ball catching the beautiful reds that are everywhere. Quite a few specks are in the deep canals in this area and can be caught using the same methods that are working in Bayou Caddy.

A word of caution: Be aware of the legal sizes on specks and reds as many, many of the fish being caught are not Mississippi legal.

Enough of them are of Mississippi legal size, however, to provide a few meals for the family.

Please be a responsible fisherman and take care to return the undersize fish back to the water with as little damage as possible as soon as possible. Take care so that they may provide food and fun for another day.

I would advise anyone who wishes to fish the Pearl River area to stop by LaFrance Fish Camp and ask Toxie Hall for the best way to get to the fishin' hot spots.

Most importantly, they have maps so that you can find your way back to the launch from the fishin' hot spots after you have had enough fun for the day.

This week's wonderful wise words: The only known cure for turtle sickness is a fishin' trip.

Follow your doctor's advice, turtle.

Press association offers scholarships

The Mississippi Press Association Education Foundation annually awards a \$1,000 scholarship (\$500 per semester) to a qualified upcoming junior enrolled in print journalism for the fall '92 semester. The recipient who maintains a 3.0 GPA

(upon re-application and proof of summer internship after completion of his/her junior year) will get priority for his/her senior year.

Applicants must have a current 3.0 GPA, be a bonafide Mississippi resident and be an

upcoming junior at one of the following colleges or universities: Jackson State University, Mississippi College, Mississippi State University, Mississippi University for Women, University of Mississippi, University of Southern Mississippi or Tou-

galoo College.

The Mississippi Press Association Education Foundation also will award a \$1,000 scholarship (\$500 per semester) to a qualified high school senior enrolled in print journalism for the fall '92 semester. This scholarship could be continued for up to four years, along as the student continues in print journalism and meets the other requirements.

Applicants for both scholarships must include with their completed application form, an official transcript, a resume, a minimum of four sample clippings from student-edited newspapers or commercial newspapers and a letter of recommendation from his/her university supervisor of print journalism. (High school applicants' letter of recommendation must be from his/her supervisor of print journalism or other school official.)

Deadline for applications is April 1, 1992. Winner will be announced in June 1992. For requirements and application form, call (601) 981-3060 or write the Mississippi Press Association, Education Foundation Scholarship, 351 Edgewood Terrace, Jackson, MS 39206.

September Students of the Month

St. Clare Students of the Month for September are (from left): front row — Nicholas Weinmann, Julie Reboul, Brennan Brooks, Daniel Hamburg, Brad Marks; back row — Tommy Rutherford, Michael Prendergast, Rebecca Landry and Unita Twiggs. This award is given to students who exemplify the Christian virtues and are outstanding in service, responsibility and character.

Three among Phillips College 'Who's Who'

"Who's Who Among American Junior College Students" has recognized 33 Phillips Junior College students to be included in the 1991-92 National Publication as national outstanding campus leaders.

The students were nominated by faculty and staff for academic, community and school accomplishments in both

the classroom and personal performance.

These students join an elite group of students selected from more than 1,400 institutions of higher learning in all 50 states, the District of Columbia and several foreign nations.

Students selected included Beverly Colwell, Cheryl Rasbury and Veda Vicknair, all of Bay St. Louis.

Stuffing for success

Melissa Harvill of Waveland worked on the Delta Delta Delta float for homecoming day Nov. 9 at the University of Southern Mississippi. Harvill, 21, is the daughter of Roberta and James Harvill Jr. and a senior business administration major at USM. This year's homecoming theme was "Symbols of Success." (USM photo)

Duet to perform today at PRC

Baroque Ayre, a harpsichord/oboe duo, will present a recital at 11:15 a.m. today in Moody Hall auditorium at Pearl River Community College.

Dana Ragsdale, harpsichord, and Patricia Malone, oboe, are

both associate professors of music at USM.

The duo will perform works by J. S. Bach, C. P. E. Bach, Couperin, D. Scarlatti, Sweelinck and Jacob. Admission is \$1 and the public is invited.

Your Health Is Our Primary Concern!

The month of November has been designated **National Diabetes Month**. Diabetes Mellitus, a medical disorder which affects approximately 13 million people, is caused by a lack of insulin activity in the body. The disorder is the third leading cause of death due to disease in the U.S. Studies have shown that many people with diabetes become very ill and/or die prematurely because of inadequate care. For example, studies have shown that 17% of people who are prescribed insulin receive no instruction at all in how to use the medication, and that 60% of people who use insulin make frequent dosing errors.

Big B pharmacists as a group have committed themselves to improving the care we provide to patients with diabetes. For the past several weeks all Big B pharmacists have been attending continuing education seminars, and taking home-study courses on diabetes.

Big B has also lowered its everyday prices on diabetes products so that our patients can better afford to take care of themselves properly. Check out our new everyday low prices plus the many special prices.

DOUBLE MANUFACTURER'S COUPONS

Double your savings with manufacturer's cents off coupons at Delchamps. Purchase the item in the size specified. (Alcoholic Beverages and Tobacco coupons excluded) and Delchamps will give you Double the Coupon value. Up to 60¢ on the first item, additional coupons on the same item will be redeemed at face value. Offer limited to manufacturer's coupons of 60¢ value or less. (Alcoholic Beverages and Tobacco coupons excluded). Limit one coupon per item redeemed. This offer applies only to "cents off" coupons for items we carry and not to "free" coupons or Retail Food Store coupons. Double value cannot exceed the value of the item.
